About Us

We have become a trusted partner in executing and delivering complex construction projects. These include civil works construction, structural construction and maintenance. Our ability to manage each phase of a project's life cycle efficiently and effectively has enabled us to successfully complete significant projects over the years.

We remain true to the same principles on which our company was founded over a decade ago: providing superior service to our clients, putting safety first, creating opportunities for our people and delivering exceptional work.

GUSH Contractors has consistently evolved and grown over the last 10 years to become a trusted partner for the execution of various construction projects including complex and iconic ones. Quality, safety, functionality, and aesthetics are critical aspects to the company when building and providing construction solutions for clients.

Great experiences. Building the future.

Our journey began with a vision to deliver innovative and sustainable projects across various sectors, including commercial, residential, hospitality, roads and infrastructure. Our commitment to excellence and adherence to international standards have given us a reputation for delivering high-quality projects on time and within our clients' budgets.

Our project portfolio has evolved and expanded to deliver unparalleled value to our esteemed clients. With our comprehensive range of services, we proudly offer a complete turnkey solution that covers every aspect of your project.

INNOVATION TURNKEY PROJECT SOLUTIONS

This evolution and enhancement of our solution portfolio allows us to deliver the most comprehensive value to our clients. Gush is able to offer its clients a complete turnkey solution with construction, MEP, fit-out, heavy equipment rentals, energy solutions and technology systems.

TEAM COMBINED EXPERIENCE

We have more than 20 years combined experience in complex projects across a variety of sectors, which include roads, high-rise buildings, retail, and themed projects as well as providing our clients with the services of construction management, design management, estimation, cost planning, and procurement services.

Our Services

CONSTRUCTION

Over the years, we have become a trusted partner in executing and delivering complex construction projects. These include civil works construction, structural construction and maintenance. Our ability to manage each phase of a project's life cycle efficiently and effectively has enabled us to successfully complete significant projects over the years.

INFRASTRUCTURE DEVELOPMENT

We are experts in the development of infrastructure, bulk earthworks, construction of concrete structures and buildings, land and quantity surveying. Our work covers road construction and rehabilitation, power lines, sewer and water reticulation.

PLANT & EQUIPMENT HIRE

Gush Contractors also manages and maintains construction machinery, equipment and vehicles. Whether you need to hire bulldozers, excavators, tippers, graders, compacting equipment or water trucks, we are your one stop solution provider for all your equipment rental needs.

Our Services (Cont.)

ENGINEERING & CONTRACTING

Today we continue to expand our operations, undertaking increasingly complex and challenging projects. Our commitment to innovation, quality, and sustainability remains as we strive to shape the future of construction in Zimbabwe and beyond.

ENERGY SOLUTIONS

Gush also offers innovative renewable energy solutions to clients. We have a deep understanding of the evolving renewable energy space and sustainability is at the core of our solutions. We offer tailor-made innovative services for the development, installation and management of renewable energy projects.

PRECONSTRUCTION PLANNING

Quality pre-construction planning helps our clients to decide if they can follow through with a construction project. We work with our clients in defining the project, identifying potential issues, planning and scheduling, the scope, cost estimation and analysis of the project's needs.
